Reprints and Enlargements - Digital Files

4 BUSINESS DAYS up to 12x18
 5 BUSINESS DAYS larger than 12x18

We were one of the first retailers in Canada printing digital files to photographic paper. Digital files can be submitted in a few ways - online, mobile phone and through in-store Kiosks. Visit www.donsphoto.ca for more details.

Professional users can submit files through our fully color managed ROES application and are encouraged to contact pro@donsphoto.ca.

Drymounting and Laminating

4 ADDITIONAL DAYS (NOT INCLUDING PRINT)

Foam-cor®: 3/16" thick lightweight board. Ideal for custom framing or short term mounting on its own. Available in black or white.

Gatorfoam®: 3/16" thick heavy-duty foam board. A more robust option which is less likely to bend or warp due to changes in humidity. Available in black or white.

3mm Sintra: Expanded rigid PVC board, very versatile substrate that unlike Foam-Cor or Gatorfoam can be curved or bent slightly.

Laminating:

Perfect for ink jet poster prints, photographic and plain paper media. They can be dusted or wiped with a damp cloth. We recommend printing on matte paper for anything you wish to have laminated. **Standard Laminate:** Lustre Also available in Matte

Ready to Hang - Canvas - Traditional - Metallic

16 BUSINESS DAYS

The canvas wrap process begins with your image produced on vibrant Kodak Metallic photographic paper. The print is adhered to the canvas and laminated with Matte laminate, stretched on a frame and then is ready to hang. Have your image wrap around the entire edge of the canvas (FIW - Full Image Wrap) or only showing on the face of the canvas frame and finished with a white or black edge (SBW - Side Border Wrap).

Ready to Hang - Plaque, Floatmount and Acrylic Prints

10 BUSINESS DAYS

Plaquemounts are mounted on 3/8 inch thick MDF (wood) base with a beveled and hand painted black edge. Prints come with a UV laminate and a pre-cut slot on the back ready for hanging.

Floatmounts are mounted on 1/8 inch tempered Masonite and have a recessed back that makes the print appear to 'float' away from the wall. Prints are laminated with a UV laminate. Floatmounts are much lighter than Plaquemounts, and are therefore a great choice for mounting large prints.

Acrylic Prints Metallic prints are face-mounted on a clear Acrylic and then finished as a Floatmount, Plaquemount or Flushmount option. This method provides brilliance, depth, and an intensity unattainable by standard framing. Choose three options with 1/8 Acrylic and one option with 1/4 inch material.

Prices includes photographic print and laminate. All print surfaces are available. Prints must be laminated with one of your choice: matte, glossy, leather or canvas with matte the default

Larger Sizes Available

\$3.00 cropping charge per print, per size

\$2.00 handling fee per image for cut 35mm and ALL 110, 126, 127, 620, and other odd sized negatives for prints 12x18 and smaller.

Business Cards

5 BUSINESS DAYS

Customize your business card with a photograph. Bring us your favourite image on film or digital file along with a copy of your logo and let us do the rest. We combine your images and info to create your personal photo business card or you can avoid the set up fee by providing a digital file sized 2"x3.5". Please note that you should avoid having text within 0.125" of the edge of the card and avoid using outside borders as they may appear uneven in the final print.

ITEM	100	250	500	1000
Business Cards - Matte	\$27.00	\$46.00	\$75.00	\$100.00
Business Cards - Metallic	\$38.00	\$66.00	\$105.00	\$140.00

One Time Set-Up Fee - \$19.99 (Includes PSD and TIFF file on CD)

Bulk Print Scanning

4 BUSINESS DAYS

The most inexpensive method of scanning prints. These scans are suitable for viewing images on a computer and making smaller print sizes. Scans from photographic prints ranging in size from wallets to 8x10, in colour or B&W results in JPEG files at 300 dpi resolution, with low compression. All images are returned on a CD. Prints cannot be smaller than 2.5x3.5 inches, and cannot be mounted or on paper thicker than normal photographic paper. Images should also be free of dust, free of tears, tape, staples, and any other defect that can interfere with the scan.

Note: Prints are grouped by size prior to scanning making it very difficult to keep them in a specific order. For that reason we do not offer to keep prints in order with this service.

# OF SCANS	1 SIDED	2 SIDED
50-199 (minimum order of 50 or \$19.50)	\$0.39	\$0.55
200-499	\$0.29	\$0.39
Shoebox Scan*	\$129.99	\$159.99

*Bring in a standard shoebox filled with pictures and we'll scan every print in the box for one low price.

Please NOTE! Prints must be in good condition for the Shoebox Scan rate. Clean prints, no folds or creases allowed.

NEW - The CD is included in the price or you can have images returned on 8 GB USB 2.0 for an additional \$8.00

New -Receive images on a 8GB USB (USB 2.0) ADD \$8.00

Consumer Film Scans

1-3 BUSINESS DAYS

The most economical way to transfer negatives or slides to digital format. This service is available from 35mm, APS and 120 film. We can scan your roll at the time of developing, or from your existing negatives. Please NOTE! All other sizes of film must be Pro Scanned (see Pro Scan section for pricing). All colour negative film and slide films are scanned with Digital Ice™ which is a automatic dust removal system that removes most (not all) dust and some scratches. Due to technical limitations, Black and White film cannot have Digital Ice™ applied.

	135	120-6x4.5	120-6x6	120-6x7
Medium Resolution	1024x1536 (4.5MB)	1324x1024 (3.9 MB)	1024x1024 (3 MB)	1024x1255 (3.7 MB)

135 or 120 film Medium resolution	\$5.00	\$1.75	\$1.50	\$1.25	\$1.00	\$0.75
135 or 120 High resolution	\$10.00	\$2.50	\$2.25	\$2.00	\$1.75	\$1.50
220 Medium Res	\$8.00	\$1.75	\$1.50	\$1.25	\$1.00	\$0.75
220 High Res	\$15.00	\$2.50	\$2.25	\$2.00	\$1.75	\$1.50

*This is a per frame charge from individual slides or negative strips of pre-processed film.

These scans crop 2mm around the edge of the frame, very full images with text should be Pro Scanned.

NEW - The cost of CD is included in the scanning price or you can have images returned on 8 GB USB 2.0 for an additional \$8.00

Pro Scans

3 BUSINESS DAYS

Pro Scans are for when you need to step it up a little. We scan Colour or B&W negatives, slides and prints. These RGB, 8 Bit, Adobe 1998 scans are processed with Digital Ice (colour only -Digital Ice does not work with B&W film) and dust busted in Photoshop. Each file is carefully optimized and saved as a tiff onto a CD.

Old Photo Restoration and Manipulation

7 BUSINESS DAYS

Using the latest digital imaging equipment we restore tears, blemishes, cracks, faded colour and density. We can remove, add people, or other elements to the photograph, hand-colour black and white images as well as remove distracting objects in the background by replacing the original background with a studio backdrop image. (See in store for samples)

All work is saved to a digital file and returned to you on a CD with no harm to the original. We have created 5 categories of retouching. Hand colouring and the removal of background objects are usually classified as a heavy restoration, however it may be as low as medium depending on how much work is required.

	LIGHT	MEDIUM	MED-HEAVY	HEAVY	GROUP HEAVY
Retouching Level	\$30.00	\$48.00	\$65.00	\$79.00	\$99.00

NEW - The cost of CD is included in the scanning price or you can have images returned on 8 GB USB 2.0 for an additional \$8.00

New -Receive images on a 8GB USB (USB 2.0) ADD \$8.00

Professional Digital Copywork/Retouching

7 BUSINESS DAYS

Bring your original and we'll capture it digitally, make any colour management decisions required and provide you with a proof for your approval. The image can then be output to your specifications. This service is designed for originals such as paintings where colour fidelity in each tone is paramount as our experts painstakingly adjust each channel for optimum matching. Additionally, and specialized digital work can be quoted on a per hour basis. It is best to visit us in person to discuss your needs.

Service	Price
Originals to 16x20	\$50.00
Originals larger than 16x20	\$80.00
Digital retouching work	Quoted on a per job basis \$80.00/hr

NEW - The cost of CD is included in the scanning price or you can have images returned on 8 GB USB 2.0 for an additional \$8.00

Video Transfers: Tape to DVD or Hard Drive (MP4)

4 WEEKS

For transfers to MP4 a blank hard drive must be supplied by the customer . Approximately 1 GB of storage is needed for each hour of video.

DVDs or digital files to hard disc can be made from VHS, s-VHS, VHS-c, 8mm video, hi-8 video, digital 8 video, mini-dv, mini DVD, SD cards and Betamax. (PAL Mini DV transfers are not available). Each tape transferred to DVD is a single chapter and has a separate chapter title that appears in the menu. Custom chapter titling is generally not offered, but can be provided. Chapter titles are limited to 18 characters. An additional fee may apply.

It is possible to put more than two hours onto a DVD, but the quality will suffer and the price will not be any less than utilizing more than one DVD to maximize quality.

DESCRIPTION OF SERVICE	PRICE DVD	PRICE MP4
Single tape or DVD to archival DVD - Up to 2 hours	\$36.00	\$36.00
Combined tapes and/or DVDs to archival DVD - Up to 2 hours*	\$50.00	
Extra DVD copy (not applicable to transfers to Hard Drive)**	\$15.00	

*Video can be combined to a single DVD for up to 4 separate original tapes or DVDs only.

**The extra copy price is only provided at the time of the initial order.

For future copies, the DVD made during the previous work must be supplied in order to make a copy.

Customers must sign off and take responsibility for any copyright material.

Video Tape Repair

4 WEEKS

Most physically damaged video cassettes can be repaired or spliced. When repairing the actual tape, damaged portions must be removed.

If a tape requires a physical splice, it is highly recommended that it be copied to DVD or digital file (see above video transfer prices) and not played in a VCR. Splices made to video tapes are likely to create a head clog, meaning the VCR must be opened and cleaned.

DESCRIPTION OF SERVICE	PRICE
Splice video tape	20.00
Replace cassette shell (add to above price is necessary)	20.00
